

Guijarros Ceiling / Wall

Designed for LZF by the Spanish designer Mariví Calvo, the Guijarro is available in 6 sizes as a wall or ceiling lamp.

Guijarro is a handcrafted wall and ceiling lamp designed after the unevenly shaped stones which are made smooth and round by the action of water.

The various sizes and colours of the series can be combined with the Gea collection of wall lamps to create intricate, personalised compositions on walls and ceilings.

The lampshades are available in 9 different wood veneer finishes.
