

I-Club large

Created by Burkhard Dämmer, the I-Club is designed with clean architectural lines and a longer form that will illuminate its surroundings with understated elegance. An innovative lighting series, I-Club has a symmetrical beauty that is replicated across a number of models: suspension, wall, ceiling, floor and table.

As a suspension lamp, the I-Club's extended length is perfect in those environments requiring an extra level of directional light with only one fixture: above a kitchen surface, a dining table or bed. Utilised as a small wall lamp, the I-Club is perfectly poised to highlight a dim stairwell and illuminate a favourite painting. As a floor lamp, the I-Club's stature is striking, its contemporary form projecting light across the room. And as a table lamp, the I-Club assumes a refined posture, with an ambient light that seduces the eye.

The lampshades are available in 10 different wood veneer finishes.

Home, contract, hospitality.
