

Magnum Chair

Magnum cantilever chair is surprisingly soft and extremely comfortable in your choice of fabric, leather, or Stricktex covers. Likewise, the slightly springy cantilever base makes sitting a pleasant and dynamic experience. The fabric covers are made of high quality wool, a natural product that has outstanding temperature and moisture- regulating properties and is also very hard-wearing. Our fine tuned collection of fabrics comprises a wide range of colors, opening up numerous individual design possibilities.

- leather or fabric upholstered chairs with or without armrests
- cantilevered frame in steel chrome-plated gloss, matt, matt bronze, stainless steel finish or palladium
- types of wood (armrests): alter, beech, oak, cherry, walnut, oak white oil
