

Rolf Benz 684 armchair

Rolf Benz 684 is an extremely unconventional armchair. Different covers on the seat and backrest make it a particularly attractive feature in your living room. Standing on a pivotal wooden plinth, the 684 gives you mobility and freedom of movement when used in a large forum. 684 is also available without a backrest, and has a complimentary foot stool. Available in more than 230 fabrics and 80 leathers.
