

Minimikado suspension lamp

Minimikado designed by Miguel Herranz for LZF

The Mikado light takes its names from the classic pick-up-sticks game, where sticks are bundled together and when released, fall in a circular jumble. A radiant light, Mikado's wood veneer strips spread outwards, in a manner evocative of a bird's plumage. Cleverly engineered, the Mikado's form is both chaotic and harmonious at the same time.

Designed by Miguel Herranz, the Mikado is a free spirit, possessing an air of nonchalance and a teasingly impish swagger. It is a light whose profile is like a coruscating kaleidoscope of pattern.
