

Link suspension lamp

Link designed by Ray Power for LZF

Designed by Ray Power, Link appears exceptionally dashing in its stacked wood veneer Möbius strips. In mathematics, the Möbius strip is a surface with one continuous side, meaning the Link light is not only handsome, but discerning too.

With its billowy, cloud-like structure, Link is decidedly easy on the eye. Punctiliously crafted, the lamp's floating form is a clever illustration of wood's significant potential in lighting design. Link is available as a suspension lamp in three versions: small, large and modular. In addition, Link is an attractive floor lamp, its billowy mass poised on the top of a chrome tower-like base.

In Link, there is an obvious 'link' between brilliance and beauty, form and function.
