

# Mara Chair

You recognise Mara's welcoming softness as soon as you admire her beauty from afar. This dining room armchair is unmistakably a Christian Werner design: the rounded seat, the slight nonchalance of the upholstery, the refined finishing. To ensure that Mara can fit into many contemporary interiors, Werner created different bases: solid oak legs (Palo) combine beautifully with the oak tables in the Leolux collection. The versions with the steel wire base (outline), a curved leg (cruz) or a base on wheels (twist) give a streamlined feel.

Mara by Leolux. Dining in style, in an armchair that embraces and entices you.
