

Flex wall sconce

Flex by Karim Rashid, 2015

Flex is a wall lamp with an icon minimal shape. Designed to comply with electrical standards for wall lights, this aeronautically inspired luminaire in die-cast aluminum manages to deliver character and formality at one and the same time, radiating light both upwards and downwards like a fine floating surface.

Wall lamp. Body in die-cast aluminium, painted white (RAL 9003 matt), black (RAL 9005 matt), pink RS (RAL 4003 matt) and blue (RAL 5002 matt). Double light emission.

Dimensions: 14.2"x3.9"x6.7"
