

Bilia table lamp

Bilia by Gio Ponti, 1931

Nothing more than a sphere, set in an apparently impossible feat of balance, upon a cone that serves as the base. One of Gio Ponti's many compositional magic tricks. The counterbalancing of two elementary geometric forms results in an original, perfectly proportioned object. The light is diffused and valorized by the geometrical simplicity of the design. Originally in brushed nickel plate, Bilia is now also available with a brass cone and LED light source.

Table lamp with dimmer. Gold brass frame. Diffuser in frosted white blown glass. Transparent power cable, dimmer and plug.
9W LED (2700K, CRI>80, Lumen 950)
+ dimmer

DIMENSIONS

7.8" Ø x 16.9" H
