

Skan suspension lamp

The Skan lamps are a Lievore, Altherr, Molina design. The various Skan lamps combine classic simplicity with functionality in contemporary design. The Skan pendant lamps incorporate LED technology, which provides energy efficiency as well as superior lighting performance to create a comforting and warm illumination. The range of finishes for this collection includes white, black, beige, terra red, blue, and green. Skan is easily integrated into any environment, whether it be public or private, while always maintaining its individual spirit.
