

Pinecone table lamp

Pinecone is a family of lighting fixtures characterized by a blown glass diffuser, available in transparent glossy or frosted white. The diffuser is manufactured using the ancient technique of caged blown glass, whereby the master glazier inflates the vitreous bubble inside a metal cage, which only partially contains its natural expansion. In this way the final product is in part retained by the cage and partly escapes, creating a tension that generates an object suspended in the act of escaping from its constraint. The cage is further embellished with a galvanic treatment that gives it a bright, shiny surface. The family now offers the option of a precious gold finish, and new sizes: table and ceiling models in two diameters of Ø 30 and 36 cm; the ceiling model with two lengths of 70 and 120 cm, plus a floor model.

Family of table, floor and ceiling lamps. Shade in transparent or frosted white blown glass. Metal cage with nickel or gold finish.

Pinecone small table

Ø 30x36 cm

1x max 116W 230V E27 (HA, FL, LED) + dimmer

Pinecone large table

Ø 50x52 cm

1x max 150W 230V E27 (HA, FL, LED) + dimmer

Pinecone small suspension

Ø 30x36 +250 cm

1x max 116W 230V E27 (HA, FL, LED) - dimmable

Pinecone large suspension

Ø 50x52 +250 cm

1x max 150W 230V E27 (HA, FL, LED) - dimmable

Pinecone suspension

Ø 23x74+250 cm

20W (2700K, CRI>80, Lumen 2000)

Pinecone suspension

Ø 28x120+250 cm

40W (2700K, CRI>80, Lumen 3360)
