

Cubus glass cabinet

Cubus occasional furniture by Team 7

If it brings good luck when you knock on wood, our Cubus occasional furniture with its 25 mm-thick top board and side panels of beautiful solid wood is a really sound piece of luck. In contrast, it would indeed be bad luck if you could not find the right piece for your dining room among the many different versions of our cubus occasional furniture.

With our cubus occasional furniture, you can take your pick from a huge variety of models, as well as profit from the many different design versions and configuration possibilities. Sideboards and display cabinets. Sliding doors, hinged doors and drawers. Wood or glass fronts. Recessed or flush plinth. Wooden feet or slides. It's your choice.
