

Chou table lamp

Chou Tall table lamp by Yonoh

The Chou lamp was inspired by the 1960 film *The World of Suzie Wong*, a tragic love story set in old Hong Kong. The light's form is reminiscent of the Chinese lantern and captures the romantic notion of a one-time fabled Hong Kong.

Designed by Yonoh Estudio Creativo, the Chou lamp is available in two table and two pendant versions. This deceptively simple light is especially pleasing when presented in a cluster of differing sizes. Like a wanton seductress (not dissimilar from Suzie Wong), the Chou lamp catches the eye with its carefully considered pose.
