

Fontana 1460 Table

It was in the air Now the FONTANA table with its innovative synchronous extension mechanism is also available in different types of natural wood: oak and walnut. The patented extension mechanism has been adapted to the specific character of wood and allows an extension to max. 280 cm. A table becomes a buffet - without effort and almost magically. In typical DRAENERT style, the expressive, trapezoidal table top provides the formal finishing touch.
