

# Rolf Benz 650 stool

With the elegant and extremely adaptable Rolf Benz 650 range of chairs, form and function go hand in hand. This is literally true because the design is inspired by two intertwined hands. The beautiful wood shells made from either oak or walnut ensure maximum seating comfort, resting either dynamically on a frame in the same wood versions with oval feet, or on a slightly angular steel tube underframe, whichever the customer prefers. The metal foot is available in polished chrome or in painted black or grey. The design options for this innovative range of chairs are also plentiful thanks to a sophisticated cover concept: The customised quilted cushion is available in a dynamic furniture cover material made from 100 % recycled polyester in grey beige, beige grey, black grey and cement grey, or in breathable artificial leather, ensuring even more comfortable seating. The PVC-free cover is made from environmentally-friendly polyurethane and impresses with its soft, supple surface in grey beige, anthracite or stone grey.

With metal legs:

17.3" L x 17.3" D x 32.2" H Seat height  
27.5"  
18.5" L x 18" D x 36.2" H Seat height  
31.4"

With wood legs:

17.7" L x 17.7" D x 32.2" H Seat height  
27.5"  
18.8" L x 17.3" D x 36.2" H Seat height  
31.4"
