

# Domo suspension lamp

With its handsome form, Domo is reserved, strong and aesthetically presented. Designed by Valencia-based Rqr Studio, Domo consists of two layers: an outer layer formed using four interlocking timber veneer slats and an inner layer fashioned from seamless veneer joints. In history, the dome is a structure that exhibits strength. It is therefore fitting that Domo is an earnest light, with an inner flame and passion that truly shines.

Available as a small or large pendant, Domo reflects light downwards and is perfect for a variety of tasks and chores. At the same time, Domo's wood veneer diffuses light outwards, creating a warm and cosy ambience. Pure, simple and practical, Domo is delightfully earnest.
