Our Cubus and Cubus Pure entry hall furnishings made of pure solid wood give your entry area a pleasant atmosphere and create a welcoming first impression. The incredible variety of options – from different wood types to numerous heights, widths, and depths, to glass surfaces in the color of your choice (using NCS colors) – makes it possible to create individual solutions for any entry area. This means that your house’s “calling card” will reflect your own personal touch.

With its characteristic covering made from elegant colored glass, our Cubus Pure entry hall will bring a chic accent to your entry way.
