DS-2878 by de Sede

On a scale of 7:1, the DS-2878 de Sede boxing glove is a re-edition from the year 1978 and brings the popular sport of boxing into your home - for boxing fans, the young-at-heart, boxers and collectors.

Like the original, the detailed boxing glove image comes with a two-tone cover, the typical folds along the edges and a distinctive lacing at the glove's opening, or rather the foot end of the sofa. Soft de Sede leather and sophisticated upholstery provide exceptional seating comfort.
