

Lennox Armchair

Retro influences are incorporated with a balanced hand into the Lennox lounge chair by Gordon Guillaumier. The inspiration at the base of this sophisticated design is an open corolla, suspended in mid-air on a sleek structure made from bronze-coloured metal. The result is an elegant, discreet chair which armrests that open out. Lennox is a soft, seductive nest - perfect for spending time reading or listening to your favourite music (perhaps a song by its namesake?). The lounge chair has a matching padded pouffe footrest, featuring a structure made from bronze-coloured metal.

Dimensions

W - D - H (inches)

Lennox Lounge Chair
41 x 32 x 21.25

Lennox Pouf
24.75 x 19 x 14.5
