

Rainbow

A classic revisited piece designed by Roberto Lazzeroni: Rainbow is a container characterized by fine works and finishes, that stands out for the vintage metal support and the appealing graphics of the facade. The doors and the lacquered wooden frame can be painted in a single color chosen from over 40 tones in Lema's catalogue, or in two different combinations: avio, cacao, grafite, sabbia and caffè or pomice, carta and fumo. Particular care is paid to details like the practical 180° opening of the doors.

Sideboard with 4 Doors with 1 inner wooden shelf
88.5" L x 19.75" D x 27.5" H
