

DS-1088

Sectional Sofa

DS-1088 by de Sede

Patchwork in its prettiest form

DS-1088 presents itself with a beautiful special feature. The leather is elaborately crafted by hand in a patchwork appearance - for an individually stylish look.

The sofa landscape consists of single cubic elements that can be combined with one another in infinite ways. Cushions with an elongated design need no attachment to stay on the sofa and can be moved around in flexible ways.
