

Rolf Benz 629 bench

The Rolf Benz 629 bench and chair are the result of many years of design evolution. Inspired by the middle of the last century, they impress with their striking and warm design. Equally majestic are their elegant and carefully crafted legs, available in two solid wood versions (oak or walnut) and two metal versions (traffic black or umbra grey). The models are particularly customisation-friendly thanks to their choice of covers: the bench and stool can be configured in a single colour or using the “Mix & Match” method, with the back shell in leather and the seat in fabric. They create a harmonious duet, blending in perfectly with their exquisitely tasteful surroundings.

The bench and chair are each available in two seat heights (48 or 50 cm), while the chair optionally comes with or without a swivel function and the bench is available in four sizes (180, 200, 220 or 240 cm).
