

Lola suspension lamp

Lola suspension lamp by Ray Power for LZF

Lola is the latest lamp for LZF designed by long-time collaborator Ray Power. Showcasing Power's ability to create imaginative three-dimensional forms, Lola is a conical lamp with an intricate geometric pattern. A veritable labour of love, Lola's shape went through many iterations, drawings and prototypes. The end result is, without doubt, a marvel of lighting design.

A particularly piquant Spanish name, Lola is very much alive, sensuous and intriguing. In a domestic or contract setting, Lola is a lamp that attracts and pleases the eye. Highly original and truly sophisticated, Lola's complex veneer construction is both accentuated and softened when illuminated. Available in a number of sizes and LZF's range of natural wood colours, Lola is stimulating, fascinating, arresting and sparkling: an especially piquant light.
