

# Light bed

With optical lightness, the Light bed is a combination of two apparent opposites: delicate design lines and robust materials. Its design makes the Light bed a pleasant place to rest in the bedroom. It impresses with its elegant appearance and modern look. Minimalist solid wood surfaces and tapered legs give this timelessly beautiful bed an amazingly light appearance. Clever wooden slot joints ensure stability while also allowing the bed to be quickly and easily assembled and disassembled – however many times you move house.
