

Rego Sectional

Leolux invited Gino Carollo to design the Rego series, and he created his design with great fervour and pure Italian elegance. Each sofa and each element is a work of art in itself, with flowing lines. Our experts at Leolux then ensured unparalleled comfort to make you feel like a king.

The series includes a great many unique features and options. Of course, Rego provides you with all the structures you would expect from a series of sofas. But original design lovers will really love the curved elements. The curve is very slight, which provides an exciting visual effect, and they look absolutely stunning in combination with the round chaise lounge.

Modular sofa series with sofas, elements and footstools
Upholstery: leather, fabric or combinations
Seating depth - 2cm / seating height + 2cm
Legs: aluminum polished or powder coated
