

Dune Suspension Lamp

Dune is a sculptural light whose shape is intriguingly amorphous. Designed by Madrid-based Mayice Studio, Dune is a single piece of hand-blown borosilicate glass, enveloping a wood veneer diffuser with a seedpod-like opening on one side. The glass is hand-blown by Eduard Garuti, an accomplished artisan. With mastery and great dexterity, the work of Mayice and Garuti is able to reveal the natural beauty found in glass and combine this to perfection with the wood.

Dune's distinctive shape is made up of two symmetrical ends, and an irregular, bulb-shaped centre. The wood veneer diffuser houses the lamp's dimmable LED light source, and downward light from the seedpod-like opening is softened by the glass. Each numbered Dune lamp is unique: the beauty found in the imperfection of hand-blown glass, with its almost wabi-sabi quality, ensures Dune is like a piece of art.
