

Eris Table Lamp

Eris has an abstract and ethereal beauty, similar to the planet of the same name. Designed by Mayice Studio, Eris is made up of several components: an original borosilicate glass orb, hand-blown by master glass-blower Eduardo Garuti, a wood veneer tube (that contains the LED light source), and a metallic base. Available as both a table lamp and a suspension lamp, Eris is sublime. Radiant when the light is on and ornamental when off, Eris has an ethereality that captures the perfect symbiosis of glass and wood.
