

Halo Wall Sconce

The Halo Wall sconce lights are a Martín Azúa design. The wall lamp traces the outline of the light projected between the lamp and its diffuser to become a unified whole. Invisible use of LED lends the collection an ethereal and minimalist quality.

Wall sconce. The light rods, anchored to an aluminum profile are arranged around a central perpendicular axis, in parallel or angled. The modular character allows for large interconnected lights murals to be configured.

Dimensions

W - D - H (inches)

Halo Wall 2360

40.25" L x 2.25" D x 2.25" H

Halo Wall 2361

83.25" W x 2.5" D x 40.25" H
