

# Meridiano Outdoor Floor Lamp

The Meridiano floor lamp collection, designed by Jordi Vilardell & Meritxell Vidal for Vibia, projects a comfortable light that generates patterns of light and shadow, creating a magical luminous effect. The Meridiano outdoor lights fulfill a double function, as well as a light fitting they can be used as a stool or side table which integrates seamlessly with outdoor spaces such as gardens, courtyards and swimming pool terraces. The Meridiano lights are equipped with a LED light source which provides an indirect light from beneath its cover. The structure of steel rods is organized circularly.

Meridiano is an outdoor lamp that boasts different functions, where matter and light are integrated into a single body. Meridiano can be used as outdoor seating by day and an outdoor lamp at night. Designed by Jordi Vilardell & Meritxell Vidal. Available in beige grey and off-white.
