

# Rolf Benz 957 Table

Whether fixed or as a version with an extension facility: Rolf Benz 957 impresses with its exceptional craftsmanship and a shape that bears testimony to good taste in any design. The optional, almost invisible double pull-out extension lengthens the table in two stages by 50 or 100 cm. The legs, which look like an elegantly curved ribbon, can then be extended particularly comfortably on one side using the integrated, rubberised castors, and the two-part additional tabletops can be unfolded. As a result, Rolf Benz 957 is able to adapt to any table situation effortlessly.

The stable frame comes in painted solid wood, optionally in natural oak, black stained oak or American walnut. For the tabletop and pull-out extension, not only are these wood versions available, but so too are the ceramic options Calacatta smooth and Emperador Extra, producing a sophisticated material mix of wood and ceramic.

Dining table top sizes: 70.8, 78.7, 86.6  
or 94.5 x 39.3 inches  
Double leaf: 19.6 x 19.6 inches  
Height 29.5 inches
