

Rolf Benz 924 Table

It's almost impossible to ever have your fill of the Rolf Benz 924 dining table. Continuing the language of form of the Rolf Benz 624 ottoman, it works especially well as a central point in a dining group with 2 benches. The table, made from highly characteristic solid wood, can also be combined beautifully with other chairs such as Rolf Benz 606 or the Rolf Benz 640 hybrid chair/armchair. The tabletop comes with a straight edge or stylish chamfer, with 4 sizes being available from 180 cm to 240 cm. The wood options available are natural oak, dark oak, walnut and aged grey walnut.
