

Rolf Benz 965 Round Table

The light-looking solid wooden table top and the filigree structure of the underframe of Rolf Benz 965 combine to create an ostensibly weightless powerhouse. This table gives an elegant ring to even the smallest rooms and is available in either a round or oval version. The top and the frame are available in light oak, dark oak, or elegant walnut with an oiled surface. Rolf Benz 965 goes perfectly with the new Rolf Benz 650 range of chairs, and also integrates harmoniously into a great many other living spaces.
