

# Toveri Coffee and Side Tables

Toveri combines gentle curves and hard materials. The designers have created a table series with gentle forms and striking features. They have moved the connection between the table top and the base plate to the centre of the tables, so the table top appears to float. The symmetry of both sections suggests that the base plate is a shadow of the table top.

Coffee and occasional tables with tops in solid oak, solid walnut, lacquer or ceramic/ceramic gloss. Base in E2200 Nuit or other powder coated colors. Optional lacquer.
