Tottori is a seating and coffee tables collection with timeless shapes, cute silhouette and bold character. Called after the Japanese animation film “My Neighbor Totoro”, written and directed by Hayao Miyazaki, the Tottori furniture collection has a friendly and soft silhouette that brings a cozy mood in the house. The collection consists of a fully upholstered chair, armchair and three-seater sofa that offer a perfect combination of elegance, functionality, ergonomics and aesthetic appeal while meeting all the requirements for maximum comfort. The seats are characterized by soft, rounded shapes that emphasise the seat, backrest and legs whose generous diameter determines the distinctive appearance of the entire collection. The upholstery is fixed and can be chosen in leather or fabric.
