

Basic Polished Aluminum Floor Lamp

The Basic, in the shape of a giant E27 light bulb, is a tribute to Edison. Floor lamp or pendant, it is available in two sizes and "In" or "Out" version. Easy to use with its globe that unscrews from the base. Efficient thanks to its white polyethylene globe, which diffuses a non-glaring light. Standing in a living room or a garden, hanging between two trees or under the patio?

Wired floor or pendant lamp, "in" or "out" version. 2 sizes and 2 finishes available.
